DETAILED ACTION

1. Receipt is acknowledged of the amendment filed on September 19, 2005, which has been fully considered in this action.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 14 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 14, line 17, "a variable volume second control volume" is positively recited, however, the claim is indefinite since "a first control volume" has not been recited and it appears that the claim has omitted an essential element (i.e. a first control volume).

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 16 and 17 are rejected under 35 U.S.C. 102(b) as being anticipated by Paul et al.

Paul et al discloses a fuel injector which performs the method steps as claimed, note specifically Figures 9 and 10, and pilot fuel path 196 and a primary fuel path 194. The pilot fuel path 196 is open during a predetermined initial axial movement of the valve needle 198, then when the needle 198 is moved to the intermediate position the pilot fuel path 196 is blocked and the primary fuel path 194 is opened. See col. 7, line 66 through col. 8, line 24.

Allowable Subject Matter

6. Claims 1-13 are allowed.
7. Claims 14 and 15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

8. Applicant's arguments with respect to claims 16 and 17 have been considered but are moot in view of the new grounds of rejection.
